

Shasta Regional
COMMUNITY FOUNDATION

Stewardship Endowment Fund

Both a catalyst and a repository - the Shasta Regional Community Foundation is a nonprofit public charity serving the people of Northern California since its inception in 2000. We are unique in the nonprofit sector as we create and build endowment funds, which grow in perpetuity to benefit the communities we serve.

Generous donor support and sensible investment management have enabled the Community Foundation to grow to over 110 charitable funds with \$23 million in assets. To date, we have distributed more than \$14 million in grants and scholarships in the North State.

The Stewardship Endowment Fund was established to support:

- *Programs that address our most pressing local needs.*
- *Emerging opportunities that improve our local quality of life.*
- *The Community Foundation's ongoing efforts to increase philanthropic endeavors throughout Shasta and Siskiyou Counties.*

Why support us?

- *We meet accreditation standards for operational effectiveness to foster excellence in community philanthropy. With confidence in our operations, we can innovate and take risks necessary to solve complex social problems.*
- *We are excellent stewards of charitable dollars. Funds are managed for growth over time by our volunteer Board of Directors and Investment Committee. The Foundation's investment returns consistently meet or exceed benchmarks.*
- *A gift to the Stewardship Endowment Fund allows you to have a permanent impact to ensure the Community Foundation has the resources to withstand and respond to economic variance, disasters and other unexpected events that might impact the North State.*

Many of the region's progressive businesses, foundations and philanthropic families have come forward to join in our campaign. Each board and staff member has invested in the Stewardship Endowment Fund.

Won't YOU join us with a contribution today?
