Community Disaster Relief Fund Grant to Kick Start Home Construction Program

A collaboration of local organizations will soon make possible the reconstruction of underinsured homes lost in the Carr Fire, initial funding in part from a \$200,000 grant from the Community Disaster Relief Fund of Shasta Regional Community Foundation. Shasta Builders' Exchange Community Fund will be the fiscal agent for the program that will be implemented as adopted by the Construction Sub-Committee of the NorCal Community Recovery Team (NorCal CRT). The program plans for the construction of homes for up to four families with completion by Fall of 2019. The Construction Committee of the CRT, under the

leadership of Don Ajamian from Don Ajamian Construction, is prepared to begin construction on the initially identified property. Thanks to the work of the Salvation Army through a separate grant from Shasta Regional Community Foundation, power has already been brought to the property and a septic system was put in place. The McConnell Fund Grants Safety Net Funding

Local Shasta County nonprofit organizations were invited to submit applications for the \$5,000 - \$15,000 Safety Net Funding Opportunity provided by The McConnell Fund. This Safety Net Funding will provide operational support for organizations that demonstrated reduced donations/income and/or increased service impacts/needs because of the 2018 Carr Fire.

Requests were reviewed by a local community grant panel. To review the awards, please [CLICK HERE](#).
